

# **Cottonwood Heights**

## **Weekly Update for the Week of Sept. 25 – Oct. 1, 2016**

### **City Manager**

1. Attended the PIO conference in St. George. Very informative and helpful. Networked a lot and shared good ideas to make our PR better.
2. Nothing by video, pictures, press kits, press releases, and a lot of preparation for open house and ribbon cutting. I thought we had a very good attendance.

### **Administrative Services**

1. The Art show is underway at Whitmore Lib. We are very excited because we have a record number of artists and pieces to display. We want to invite all council members and staff to come to the open house on October 20<sup>th</sup>. This will be a fun family night that will include a hand drawn photo booth, and a professional artist showing his work.
2. The children's show will be on October 15<sup>th</sup> at Butler Middle. It will be a great show! Production meetings are also underway for next year's summer musical, ANNIE.
3. The City Hall Ribbon Cutting and Open House was a smashing success that drew far more attendees than anticipated. Thanks to everyone that participated and made it possible.

### **Police**

1. Preparations for the City Hall Ribbon Cutting and Open House. Extra effort was put into the SWAT van to have it ready for the open house (see pictures below).

### **Public Works**

1. Public Works tirelessly worked to prepare the new city hall for the Ribbon Cutting and provided ongoing assistance to clean up the old city hall.
